My dear Mrs. Burner -

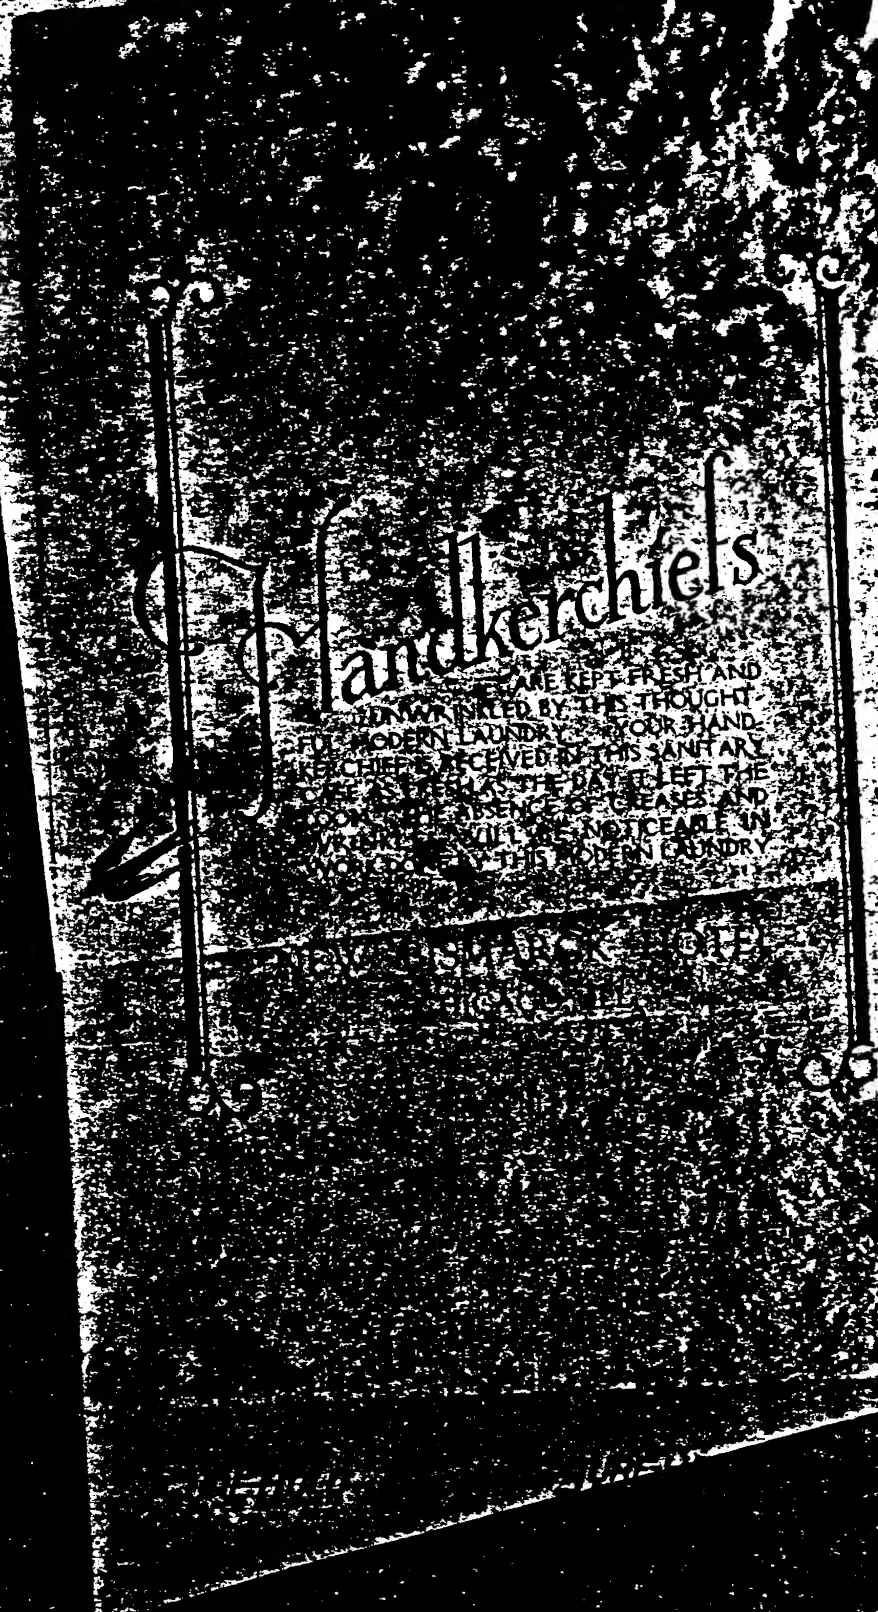

Just overheard a conversation that might give the police another clue - a friend to me of being told of a party eight - (four men & four women he thought) had been living 633 Grand Ave. for a few days. Learning said apto. on Tuesday before your son was taken it seems this group had two furnished apt. and spent money freely at nearby drug store - party said that the men were nice looking - young

talking reading when I get mail I can
make it pretty good but when there is no

so I will continue to read and sleep like
I have been doing since I have been

Mr. Frank Blake,

I noticed in the paper you are one of the investigators for the Bremer case. I'm going to tell you about a case I know and if it ever helps or not I never want you to mention publicly or even so the person involved will ever know that you were written this information. It might be I am all wrong and if so - it is alright - but I've had a feeling of suspicion for sometime and I will tell you my story as best I can - You can take it for what it is worth to you - but above all - never disclose how you came to be suspicious - if you get results in that case I will secretly let myself be known to the Bremers - and could do that by calling on them - and if nothing ever develops then it is dropped - as far as I am concerned.

A friend of mine was teaching in the high school at Fergus Falls about seven years ago. Her name was Miss Irene Carlson - a girl of good character etc. - She met a man there by the name of Guy Nelson. Her folks objected to him - one thing because he had nothing - neither did his family. Because of her folks she did not go there to teach the next year - but started school at Columbia in New York. Next we heard she left the school and secretly married Mr. Nelson - who was then in Chicago. They lived there possibly a year and then moved to Minneapolis.

You can find me (Mr. Nelson) and if ever I find myself to the Bremers and identify myself so as not to hurt my relative then secretly.

the Lake of the Isles district. I was in-
terested in my friend - and marvelled
at his being able to afford
kind of bond business he seemed to
have. He has an office in the Beane
Bldg. and keeps an office girl there
part time. When she is not there - she
is at his home - or she takes the little
girl away for a visit. I should think
such a successful bond business
would require more office help.

Trene - His first wife informed me
they were going to take an
extended trip to the west coast - just
lay at hotels and etc. - This was called
off suddenly - for I know not what
but at that very time two men were
killed by the road at White Bear.

if they had anything to do with

Dear Sir: -

There is a lady living near us here that has aroused our suspicion for some time. She keeps a home here and hires a couple to take care of it while she is gone. Times when she is home there are always 2 or 3 large sedans there from some where and coming in most any hour of the night. No one that comes ever cares to be seen or have any thing to do with the neighbors. Money is very plentiful and she claims her occupation is ticket seller in a Minneapolis theater. Has bought two large farms recently paying cash. Her home has everything.

It's a hide out we feel quite certain and did think it was for bootleggers but don't think she could possibly get so much from that. Been wondering lately if it could have anything to do with kidnapping. During the Hamm trial she never left the place until the trial was over - then she left. This is unusual as she never stays long

Dear Sir:-

If there is a Mr Bremer
it is for her also. Please for give
me for this note, but I have read
of so much of this going on of
late it has become so serious I am
discusted with the laws of the country
in regard to such serious things.
Why should a man or family be
obliged to pay all his lifes savings to
such scoundrels and then let them
go they should be hung in a public
place and lashed to death. They are
let off to easily, after such an
offence. no wonder birth control is
so widely practiced if one can not
have their own sons and daughters.
To think these ignorant good

Birch Creek, Michigan.
P.O.- R # 1, Menominee, Michigan.

Febr. 4/34.

Dear Friends: I have been thinking much lately of you and your work.

~~As yet I am not known to you.~~ Permit me to identify myself. Birch Creek is not on the map. It is about five miles north of Menominee, Michigan.

Before June 1931 it was not mentioned in the Oath. Directory. It had and still has a FIFTY year old frame church, poorly constructed in the simple fashion of those days, by a few pioneers and is serving it's purpose quite well. The Mt. Rev. Bishop sent me here two years ago to pasteurize this district. Here is what I found and now have.

I need not tell you about the present hard times. Hard everywhere I found them doubly so when confronted with this task of ORGANIZING this district. I had no rectory and the children of this district to this day attend ELEVEN public schools. This will give you an idea of the size of this district. Imagine my task teaching catechism after school hours in all kinds of weather?

I had \$38.00 to begin with. The poor people right now get \$1.00 for 100 lbs of milk which they must haul to the cheese factory (their only outlet for sale of same) in all kinds of weather. Imagine my task trying to collect funds for BUILDING purposes, necessary repairs etc.?

It is useless to mope over my difficulties. Let me explain to you the aim and purpose of this letter. I DESIRE your CO-OPERATION. You alone know HOW you can assist me. I can only SUGGEST various ways to you.

In a district like this MASS REQUESTS are scarce AT ALL TIMES. In these hard times it is still worse. I WOULD CERTAINLY BE PLEASED TO RECEIVE WHATEVER NUMBER OF REQUESTS YOU CAN AFFORD TO SEND TO ME. I can assure you that they will receive my prompt attention.

Things useful for church and sanctuary are most welcome as also books, magazines and religious articles. Should you know of anyone able to send useful articles of CLOTHING, please tell them to forward whatever they can spare. Helping poor people that way goes FAR towards reaching their hearts and making church going a pleasure to them. YOU WOULD BE SURPRISED TO SEE THE NUMBER OF HABITUAL MASS * MISSEES in this district. Inclosed please find a handy shipping label and address sticker. Wishing you and yours God's choicest blessings for the NEW YEAR and hoping to hear from you soon I sincerely am

gratefully yours in advance,

Only help from above can bring relief.
Men's hearts must be changed.

MY PEOPLE IN MY DISTRICT ARE WONDERFUL THOUGH POOR AND FEW
IN NUMBER. Please keep this in mind. However, TRUTH IS TRUTH.
There is a great lack of REAL FAITH amongst so many of my people.
Let me give you a PROOF for my assertion. Judge for yourself and SEE
FOR YOURSELF what my REAL DIFFICULTIES are:
A good man but oh, so weak in FAITH, spoke to me the other day. Imagine
his religious mentality!
He actually offered me \$35.00 if I would prove to him that I MYSELF
BELIEVED what I preached and practised. He could not believe in God,
heaven and hell. HE GOES TO CHURCH OCCASIONALLY. He sends his children
to catechism BUT IMAGINE THE EFFECT WHEN THEY COME HOME and hear.

**NEW INSUPERABLE AND INFALLIBLE METHOD TO
STOP CRIME**

If the soldiers going to war were sure that they were going to die, of course they would not go; but as there is the hope for everyone to come back safe and victorious and with medals, they not only go as soon as they are called to arms, but many, also, enroll as volunteers, in spite of the danger they are going to meet. That is why the hope of safety must be taken away from bandits by means of the new method.

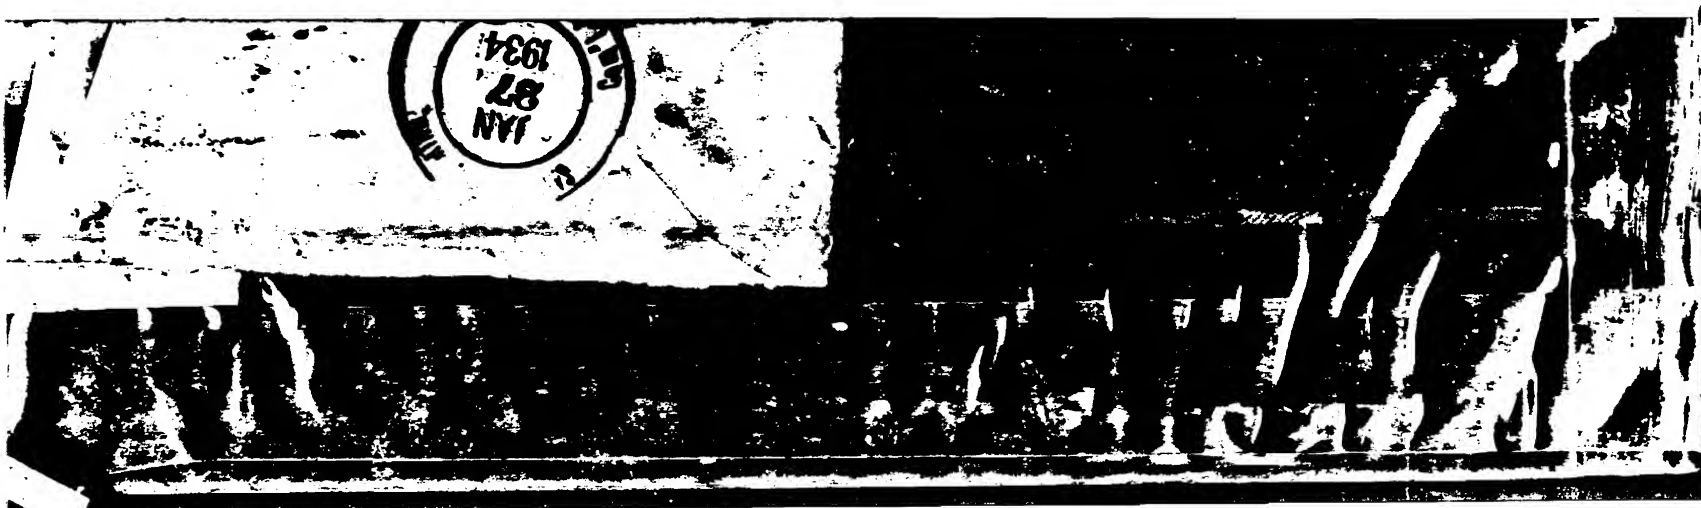

The youngsters devoting themselves to crime, assault, wound and kill with nonchalance, only because they depend on the hope of getting away safe and become rich without working.

The Baumes law, the Jones law, the electric chair, and also if it were possible, the Inquisition of Spain, would never stop crime.

With the new method one can put crime to an end without the capital punishment, without drastic laws, and without arming the citizens or crowding the streets with policemen, as some authorities have recently suggested.

The new method is bound to give the following results:

1. To stop the criminals the instant they try to commit the crime, no matter in what place, whether in streets, houses, trains, or in automobiles.
2. To save the assaulted person in the right moment.
3. To immediately recover the stolen goods.
4. To facilitate and safeguard the operations of authorities.

Dear Sir;

Isn't it true? that there are certain experiences in life that can not be put into words? One of them is the loss of a dear one.

Let the greatest Poet, the greatest Painter, and the greatest Musician combine and blend their efforts in an attempt to depict the heart-pain of bereavement, and they are doomed to failure. We are inarticulate in the presence of Death, when the departed one belongs to us. We can not express our sorrow, nor can any one express it for us. Can any one, imagine? the torture of doubt and the agony of anxiety of the members of your family.

Because I am a Christian I join with you and pray to God for the safe return of your son.

I am of the opinion that a prolonged delay in the release of your son will be unfortunate.

It seems, the kidnapers are seeking a guarantee for a safe get-away with the money. They want 100,000 favorable conditions.

To the present time I believe, the proper method of action to secure positive results have not been offered them.

Why not give them what they want?

Permit me to say that I am an inventive mind; for the last 10 days I have been constantly thinking of a 100% fool proof plan which will bring speedy and satisfactory results.

I have it now perfect and I would like to offer it to you should you deem it necessary or convenient.

Mr. Adolph Bremer
St. Paul, Minn.

Although I am fully aware of the danger involved, I
rather welcome an opportunity, I want to offer myself
unconditionally to the carrying out of this plan.

No reward or remuneration is desired. Nor fame or
publicity is wanted. I want to put at your disposal what
I honestly believe to be a good idea that may gratefully
help you.

Hoping that you may believe me capable and sincere: .

GENERAL CASE
DIVISION OF INVESTIGATION, U. S. DEPT. OF JUSTICE

My Dear Dad,

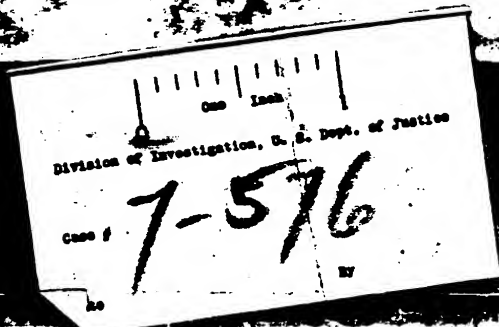

This week has been hell or something. The boys told me I'd have been home long ago if the money had been paid. I know you are willing to pay in order to have me back but the difficulty is that the arrangements have not been satisfactory. You must step out of the picture and deliver the money as instructed so that no harm come to the boys and that no harm will come to me. All police - government and any other authority must quit right now and let you work alone. They must understand that you can only pay if they do so for them to keep on with will ruin all chance to have me so explain it to them & don't let them talk you out of it. If they were in place they would say the same thing & saying "Why should they persist in staying on the case when it means my life & not theirs. You must not only ask them to stay off but must also see that they do. Your word has always been good with them & for this time for God's sake ask them to keep their word with you.

After you get this letter you will be given
another chance to pay. For God's sake pay & see
that you pay alone. The people that you owe
to pay to are not the people that have me but
if any of them get hurt the people that have me
will still have me. Please see that the money
is paid without anyone knowing about it &
without anyone getting hurt. I want to get
back to you all so bad so please hurry.
The government & police have stepped out of
even case so far when the pay off came why
shouldn't they do it for you & I. Please
hurry Pa & pay tonight - I can't stand
this much longer but be sure no police
or government men are there so that it all
goes off as I said. no hitch but smooth
so that I can come back to you.

Say hello to Emily & Hertz for me
& kiss them for me. Oh if I could only
hold them in my arms again - Please
hurry Pa its driving me mad.

Mr. Adolph Bremer,
St. Paul, Minn.

Dear Sir:

By means of a discovery in natural laws, the location of any person- living or dead- can be found as quickly as transportation facilities permit the searcher to get where he is.

In the case of your Son, the spot he is hidden in can be located, surrounded, and rushed, before the perpetrators of the outrage are aware of espionage.

Myself and Associates have been offering this service on trial at merely round trip expense from the Lindbergh case until now, and have been uniformly ignored.

I should be greatly obliged by receiving an answer to this offer- whether it is accepted or not- in order to be enabled to decide on the advisability of persisting in introducing the system as a factor in controlling gangsterism in our country.

With sympathy in your trouble,

I am, Very truly yours,
A. F. Beach,

Ever since Sat. night
when I heard you broad-
casting for help to find
some kidnappers & asking
about old empty houses,

I have been thinking
about one just across
the street from me, at
about 720 E. Brown St.

I moved here Dec 1st
and am not acquainted
in the neighbor-hood, and

After 3-
days, return to
Mrs. L. S. Adams
717 Brown St.
IOWA CITY, IOWA

H. C. C. O Radio Station
Minneapolis
Main,

have wondered what is
going on over there. I seldom
see a snake, ^{just a little sometimes} and never see
a light, but some one stays
there. I have seen a couple
different men come out of
there. By all appearances
the house is empty, and
there are no houses right
close to it. It may have a
still in it, ~~or~~ there could
be some-body hiding there.

What ever it is, it should
bear investigation.

I didn't know if I should
write this, or notify the officers
here. They probably would
just laugh at me, but I
suppose in just such old
empty looking house as
this, people are hid some-
times.

Very Sincerely

Mrs. L. E. Adams.

Dear Sir: Edward Brewer is dead. His family were fools by
notifying Police. Police are dumb by permitting calling
of tin-soldiers. Our gang has decided to let you hold the sack.
You spent plenty of money trying to catch criminals ; but
the government and Police will not make it possible for Persons
to make a honest living. We have lost our money by such
people such as business men. beats hard working people out
of their savings by legal means such as "Bank Failures" and
Mortgage Forclosures etc. We have lost our money by such
legal means and Bankers and Crafters will pay it back to us by
facing Machine guns taken from Peru and Auburn Indiana last
fall. We borrow these guns from Police Stations and you
law Enforcers won't leave us alone so come and get kill by
these guns taken from Police. Try and get C. Barrow alive.

Dear Mart :

I don't know but if the queen acted down there as she is here I'll bet you are glad she is away. Raves like a manick from morning till night. Just worked to death and outside of washing the big ice box and getting the dish shelf in small cabin cleared for her cloths and she did bake once all she has down is play in the garden Rave, and how. One minute it's me the next you then Bernard, Mike the wiers and inbetween all of us. The last couple of days she has been to fix cloths but has talked so much that Mrs. P is to do the work.

she was over to Club House to Give Mike Hell and ask for our lumber that was stolen. She came back crying about her old dog was. And Bernard said, Mike gave her a dog. And she said that he and Joe had loaded up the lumber and sent it to the pids. But I think they used it as the lumber was piled in thier d and they have just finished building thier new place on East land. and wira left for wuluth Saturday with the son in law Virgel. Joe was going to look for job. and from reports Virgel was going to stand for a fed pinch. The only chance we would have had to get the lumber was with Gravells team while the ice was on but Mike told him the ice wouldn't hold so Gravel wouldn't let us have it, yet Mike took his plane over six weeks after. We could have had a truck that would have hauled it to Marcell but they wanted \$100.00 to haul it and it wasn't worth that. I told her not to buy it not that I wouldn't have been glad to have it - felt sure we would never git it. They say there is still a lot of slab over there so she may be able to get some of that. But if Joe gets down that way ask him what he knows about it.

I don't know what the queen is going to do one minite she is got to leave and the next picking blue berries. But if she keeps on raveing like she is it would be impossible to have any one here and I have work-dam hard to have the place ready and get signs up, have five new ones the three cabins and two others. And people with an ounce of brains say they swell. I think Harold and Jinny will tell you the same. All she dose is rave how hard she worked there and how bad everyone treated her. I think all that wrong is that you staked Harold to a spot last year she was sore because you had Alice and that some one else had Beaver Dam.

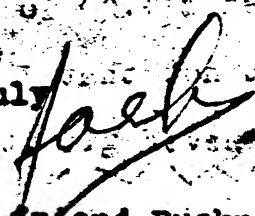

Since we got the rain and we have had more or less for over a week things are coming fine. The gardens will be slow being late but they do good from now on. Most of the lillies you had up last summer live and one rose bush. Hope you got rain to. We are getting the paper again and got the boxes you sent thanks for the butts. Have only one more boat to fix the one in the black hole. They were all in bad shape but have used tar on the bottoms so they are in pretty good shape now.

Expect we'll have the car Saturday, would have had it last week but they sent the wrong gear from Mpls. It was bad luck to have it brake but was lucky at that as it broke right in front of Garage door. Those fur that Harold had back sell them if you can so I get some money to go on untill we on boats and things.

Hope the folks had a ggad trip back and that Jinny's troubles are over. While Binky was here he got Radio going but I can't do anything to it. He said, the trouble was in the loud speaker. But next day it rains I will try it again. Hope that things are picking up with you and that you feel good. And that Harold well have a good business.

With best wishes always, I am

Yours truly

Dear Mr. Bremer:

This is NO crank letter or promise of "INSIDE" information or synthetic assistance, but a real, honest-to-God offer that I beg of you to give SERIOUS consideration to.

The writer has a past record of real attainments can furnish unquestionable references from men of national standing and repute. I have been, when not a newspaperman, press association staff writer and investigator, an undercover investigator, detective and confidential man for the cities of Chicago, St. Louis, Louisville, Los Angeles, New York and Philadelphia.

I was personal undercover investigator ON GANGS AND RACKETS ONLY for the late Mayor Anton J. Cermak of Chicago. Was working for Mayor Cermak when he was shot down in Miami. I can attest to unquestionable references, political, laymen, Chicago and elsewhere, as to the success I had working as Mr. Cermak's undercover GANG AND RACKETS investigator.

Before going to work for Mr. Cermak I was a city detective and undercover investigator for the City of Louisville, Kentucky, and can attest unquestionable references there. Same elsewhere.

I was assigned to the investigation of the kidnapping of the Lingbergh baby for International News Service and covered the Toledo-Detroit--Purple Gang--Max Fleischer end after leaving New York and the preliminary dead-end angle in the east. If you are interested,

I overheard

conversation between two
men that leaves no question
in my mind that they
are directly implicated in
the abduction of Mr. Bremer.
There were four men present
but only two did the talking.
I am sure three of these men
are strangers in town. The
local man's name is Linberg
whom they called Abe and the
only other name I heard mentioned
was Smithy. This conversation
took place in a small hotel
in Mpls.

They talked of
driving the car out of town
over

It may be identified
let Mr. Ginsberg wanted to
see if the blankets had
been burned. They also talked
meeting at Hot Springs
in March after this touch
was made. Smithy who seems
to be the leader said no one was
to bring any money into see
the states until they get to
it. I don't know what they
mean by this.

You could get
the abolition by
knowing these men. I
doubt much more but this
excitation would be of any
as they probably would deny

Without a question
I doubt the men I heard & saw
the men you want.

YOUR LAST CHANCE

Chas. McGee or Adolph Bremer

You better stop listening to those assholes this time do what we tell you.

The money must be delivered tonight.

With all the coniving we still got the boy

we keep our word. Either you get him back tonight or the coppers bring him back stiff.

Dont stall. Dont ask questions. Follow our instructions. Your the only one that can make the plan fail

Bring the money and this tag to the Jefferson lines Bus Station tonight at 8.20 pm. sharp.

This tag is for baggage checking locker in the waiting room. Inside of HANDBAG are farther instructions. Dont open this BAG even one minute before 8.20pm It is watched.

REMEMBER

If this payoff fails we are through forever

You are watched from the time you start.

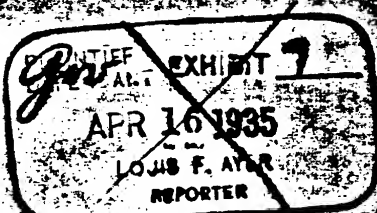

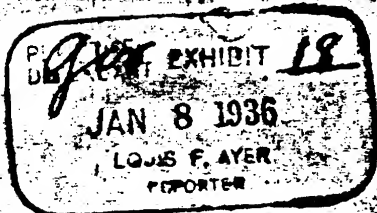

Its up to you--you get the boy alive or dead.

Mr. Walter or Adolpn

I have named you as payoff man. You are responsible for my safety. I am responsible for the full amount of the money.

Chas. McGee

You must be proud of yourself by now. If Bremer don't get back his family has you to thank. You've made it almost impossible but were going to give one more chance—the last.

First of all all coppers must be pulled off.

Second the dough must be ready.

Third we must have a new signal. When you are ready to meet our terms place a N.R.A. sticker in the center of each of your office windows. We'll know if the coppers are pulled or not.

Remain at your office daily from noon until 8.00 p.m.

Have the dough ready and where you can get it within thirty minutes.

You will be instructed how to deliver it.

The money must not be hot as it will be examined before Bremer is released.

If Dahill is so hot to meet us you can send him out with the dough.

We'll try to be ready for any trickery if attempted.

This is positively our LAST attempt. DONT duck it.

Mr. Chas. McGee

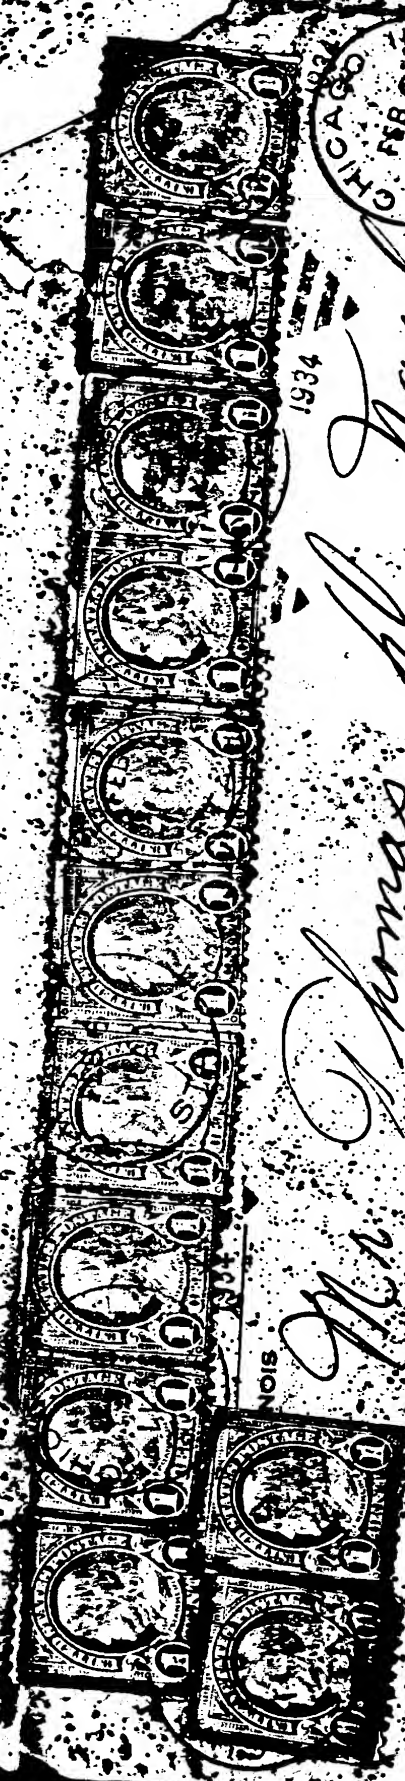

I have named you as payoff man. You are responsible for my safety. I am responsible for the full amount of the money.

I deeply sympathize with his
relations

I am little of spirit, and has
worked on the case: very hard.
I worked at Burns Case and find
he was living. I also worked on
Sindberg Case and wrote and
told them about how it had happened
and that a warner took the child out
the Creek. the child died at once. all
those bruises. he got after woods. but
they did not pay no attention. but
one, spent loads of money in exam
and every body seems to try to get
all they could of them. and is still
working on case to get more.
dont understand why they dont

what i have in my spirit fire out
is this That Bremer is either badly
injured, or death if he dose not
come back in a few days. one
of the Gang is also Death. i
shal make a long story short is
can. The only clue i could find
out in Hunt for the bodies is
by the High way. twice those
word spakers to me. They were
death and put in a box car. i
could see those carser so plainly
because, i last summer phone
by that place, or say on that high
high way going towards new
Brighton by the old stake yard
and the old affise building on
the left side then on the right
side i could so plainly see
same Old Freight Cars. Just is

I saw them last summer when
Drow by on that high way
going by near to Brighton to
Forest Lake.
If i were your folks i would
send guard out to Hunt but
secret not let a soul see
anyone knew about it just say
you had some funny experience
you want to start a secret
Hunt for E. Bremer. do not
publish this in the paper the
gang will get it. and you
cant do nothing. dont let
no one see or read this letter
but your own self. and ^{see}
you said just from your
own self you ll get a guard
and hunt out that way and
then and other place)

July 13, 1936.

To day is a new hot July 13th. This is the second July 13th I have spent in here and I don't know which was the hottest. The weather has been this way for about two weeks. The country must be pretty dry by now and if a good rain doesn't come along pretty soon I feel sorry for the farmers. I understand that the farmers had a pretty good stand of wheat but if they don't get some rain soon that will be about all they will have. The corn must be about dry & up by now. The weather man says that we may get rain in the next day or two.

I am allowed reading matter such as books, papers and magazines. We have moving pictures on Saturday during the winter and ball game on Saturday during the summer time. I am in a cell to myself, am to enjoy and appreciate. When I get out of here I intend to return to my mother and home.
